"We continue to monitor the situation at SUNY Poly as it transpires. Our primary goal is to ensure that the students at campuses in both Utica and Albany are receiving the highest level of education and service. No student should be adversely affected, and we will seek to make ourselves a resource to any that may need support. Now we must show the true potential of SUNY. We do not want our institutions to slow down, but rather to use this circumstance as an opportunity to become even better."
