SUNY Student Assembly Monthly Report

A. What communications have you had this month both internal and external?

- Communicate with my committee on a regular basis. A few phone calls with Rey, Marc, Conner Wolfe, Alex George and some other directors. Phone call with Mary Ellen the Director of Sustainability of SUNY Albany and Chair of NYCSHE. Emailed my contemporary in the California System (she has not responded). Minimal communication with students at SUNY Purchase.

B. What has your committee achieved?

- Identifying the topics in which we are focusing on, breaking up into working groups, organization of the committee, development of a team drive for committee.

C. What are your goals going into the next meeting?

- Finalizing the working groups and have a lead identified for each working group and begin to work on each identified area.

D. What meetings have you attended this month? How many meetings have you had?

- I have had three committee meetings in total, and two in July. I have been at all of them. Have also attended the EC meeting a couple weeks ago.

E. How is your meeting attendance?

- Typically have about 75% of members in attendance (9-8 out of 14 members). Usually they inform me ahead of time if they are unable to attend, and some are abroad and away for the summer.

F. How is the upkeep of your Facebook page? What posts have been successful? Has there been any meaningful discussion?

- Unsure what this is referring too, are individual committees allowed to have a Facebook page?

G. What have you achieved so far as a Chair/Director? How does this align with your POA?

- I feel that we have not achieved as much as I would have liked, but have successfully structured and organized the committee, set our priorities and have developed relationships and opportunities to collaborate with other committees, universities, and external organizations.

H. Additional comments:

- After August 8th, I have a couple weeks prior to the semester where I am not working and plan to set aside time to focus on fully developing all plans of actions for each working group and prepare for the semester.
