Student Assembly

SUNY Student Leaders,

We are excited to announce that our 2018 Spring Conference will take place in Syracuse, NY over the weekend of April 6-8. We look forward to having you join us for what will certainly be a worthwhile experience!

Our theme for the conference is “Leaving a Legacy.” The spring semester is the beginning of the end of another school year, and for some, their college journey. As student leaders, it is important that we reflect on the past, learn in the moment, and build towards the future. What we leave behind will act as a guide for those who follow.

Back by popular demand are the workshop “tracks.” These tracks serve as a guide to a truly meaningful conference. You may also choose to mix and match workshop presentations suited to your individual interests.

The Spring Conference also serves as the forum to elect a new leadership team; all Executive Board and Representative positions are open. Whether or not you wish to run for a position we encourage you to be an active and engaged member in the election process.

You are sitting among the most distinguished student leaders that SUNY has to offer. We are all here for a common goal: to make SUNY the very best that it can be for our 600,000 students. Let's not lose sight of this mission.

It is our hope that you come away from this event feeling a stronger connection to all branches of our SUNY family. We encourage you to continue on your own campuses the discussions that we start here and to actively seek out and utilize resources that other campuses can provide. Together, we can push for change in higher education and work to make SUNY the best it has ever been.

Sincerely,

Marc J. Cohen
